VIRTUAL

E-Poster Guidelines

Each e-poster presentation consists of a PPTx of the e-poster, a chat window and a mp3 introductory audio file. All poster presenters have the option to record a 3-minute mp3 file to introduce their poster and a chat window will be permanently open for every poster.

In order to create your e-poster, you can [download](#) the PowerPoint template which already has the right dimensions and recommended font sizes. Please save your final e-poster as a PPTx before uploading

Please submit your e-poster as a 1-page PPTx-file in portrait orientation.

Please read the following technical requirements:

- File format: PPTx only
- Poster size in pixel: 1080 width x 1536 height – portrait orientation
- Poster size in cm: 38,1 width x 54,2 height – portrait orientation
- Font size: ≥16

In case you wish to add a video to your e-poster, please keep these requirements in mind:

- File format: PPTx only
- Video formats: .mp4, .mpg, .mov, .avi
- Max. file size: 50 MB
- Max. number: 5 videos
- Sound: not supported

Recording your mp3 audio file

For instructions on how to record a short audio file click [here](#).

E-POSTER CHAT

The chat window is available from the e-poster upload screen. To see chat from fellow participants and to answer them please enter the e-poster upload area using your token. Chat can be sent in two ways:

1. In private, only to the poster presenter. Here only the poster presenter and the participant corresponding with them will see the chat.
 2. To all participants. Here any participant who visits the poster will see the chat.
- The chat is available at all times, including before and after the Congress.

All posters will be available for viewing from the start of the Congress.
